Class

R	Basket or Decorative Container – minimum of three (3) plants which may be the same or different – No embellishments.
S	Bromeliad Garden – Any Container – Embellishments may be used.
T	Artistic Arrangement – to consist of predominantly bromeliad material – Embellishments may be used.

- In horticultural parlance the key word is 'home', meaning that this where the plant(s) has been growing in a natural fashion, either potted or mounted.
- In classes covering "Individual Specimen Plants", pups are permissible on the adult plant only if they are so small that their removal might jeopardize their survival.
- When allowing for multiple plants the key word is "interconnected"—i.e., they must all have a common root system.
- In Category I individual specimen plants (excepting tillandsias) should be potted, unless otherwise noted.
- Pots for entries in Category I, Divisions I, II and III, must be either black or dark green plastic. However, exceptions are provided for classes 'G' and 'N' where non-decorative terracotta [clay] pots may be used for succulent bromeliads such as dyckias, hechtias, etc. and in Division III, class 'O' hanging (non-decorative) baskets are acceptable.
